

**Petition to Approve A Non-Listed Course for  
Specified Elective Credit for the BSBE Degree**

Student's Name \_\_\_\_\_

UA ID# \_\_\_\_\_

I am requesting approval of this course:

Prefix and number: \_\_\_\_\_ Title: \_\_\_\_\_

to be accepted as a:

Biological Elective     Technical Elective     Engineering Elective

for  credit hours on my BSBE degree ( with, or without, the Environmental Concentration).

Justification:

The course meets the rationale for an approved elective: *(both must be true)*

is not remedial nor redundant with regard to the biological engineering program,  
 is relevant to my career path (and the environmental concentration if applicable)

Other reasons or circumstances, if relevant to approval: (special detailed rationale is needed for Environmental Concentration electives)

Describe appropriate biological, technical or engineering course content, if unclear.  
*(If a transfer course is proposed for engineering elective credit, was the program ABET-accredited?)*

Submitted by:

Approval:

\_\_\_\_\_ Student

\_\_\_\_\_ for the Curriculum Committee

\_\_\_\_\_ Adviser

Date: \_\_\_\_\_

Date: \_\_\_\_\_

*(If this is a transfer course, the student may be asked to provide a course description or syllabus.)*
